Call For Ideas 2018 Winners

S/N	Prize	Idea	Winner(s)
1	Best Idea	To build a communication platform between residents and Residents Committees in the OS App, such as a shared blog for each neighbourhood and to include voluntary checklists and surveys for residents. For example, the "Fight Dengue" checklist. To also introduce a digital badge reward system for completing such surveys/checklists or for attending community activities.	Ler Woon Seah, Temasek Polytechnic
2	Great Idea	To introduce a micro-job crowdsourcing platform where the community can volunteer and earn points. These "jobs" can include HDB asking volunteers to report on the state of rubbish bins at pre-defined hours, or residents helping one another to move heavy furniture to the HDB central bin centre.	Chua Chee Yong
3	Great Idea	To publicise events happening in close proximity of the user, and to introduce a platform ("Help-Lah") that allows users to initiate community-driven activities such as picking trash in the parks, free tuition and baking classes.	Khor Shao Liang, NUS & Bryan Koh Wei Xian, NUS
4	Great Idea	To gamify the OS platform by issuing points for activities conducted through the app. For example, if someone proposes an implementable idea.	Apeksha Guruprasad Gaonkar
5	Great Idea	To introduce an online poll system for residents to vote for features in their neighbourhood, such as what new facilities can be introduced, or the colour scheme when their flats are repainted.	Seah Tiong Kiat
6	Great Idea	To have a dedicated "accessibility section" in the OS App for people to report accessibility issues such as inappropriate barriers or the lack of tactile indicators at dangerous crossings.	Fikri Alkhatib
7	Great Idea	To enable more issues to be solved by the community rather than by the authorities, by allowing OS App users to communicate directly with others within their estates/blocks, as well as enabling Grassroots Leaders to view and address cases or mediate between neighbours if necessary.	Daren Swee Jin Quan & Ng Wei Leng
8	Great Idea	To allow users to book facilities in HDB estates and parks, such as void decks and BBQ pits, through the OS App rather than via hardcopy forms.	Bryan Chan Kin Hong, NUS

9	Great Idea	To publicise community club events, introduce a forum for residents to voice what they would like to see more of in their neighbourhood (such as eco-gardens, study areas) and allow residents to request help from one another.	Cheang Qiao Yang, Republic Polytechnic
10	Great Idea	To allow users to report vehicles that are illegally parked in handicapped lots, loading and unloading bays or along the main road.	Hoe Geeng Yih
11	Great Idea	To provide updates to residents on upcoming estate maintenance, such as lift maintenance or rubbish chute fumigation, as well as provide an avenue for residents to make Town Council service requests such as bulky furniture removal.	Chan Jing Chuey
